**November 12, 2022**

**To whom it may concern,**

I am a physician assistant student graduating from CUNY York College in January 2023, looking to start my career in Emergency Medicine. I am excited to apply for the Physician Assistant position at \_\_\_\_\_.

As you will see from my resume, I have received training and experience in a variety of areas, including emergency medicine. As I reflect on my clinical year experiences, I have realized that my passion is to work in a medical setting where I can actively help people when they need it the most. Throughout my rotations in adult, pediatric, and psychiatric emergency room, as well as urgent care, I've gained invaluable skills and knowledge that prepared me to see patients with diverse and undifferentiated complaints. In addition, my clinical experiences have trained me to be detail-oriented in a fast-paced environment. I believe my ability to think on my feet, work efficiently, and collaborate effectively with a team of medical professionals make me a competitive candidate for this position.

I welcome the opportunity to further discuss my qualification and your requirements for this role. Thank you for your consideration.

**Sincerely,**

**Lingqiao Chen**
